FROM ITALIAN IMMIGRANT TO ITALIAN FOOD ICON

Most industries have their icons whether it's Henry Ford and recent icons Elon Musk or Bill Gates and Steve Jobs or the star of coffee Howard Schultz and king of meats Donald J. Tyson. In the Italian and Pizza distribution sector that icon is Louis G. Piancone.

In 1955, after just four years in America, Italian immigrant Louis G. Piancone, affectionately known as Mr. P, opened a small Italian delicatessen in Bradley Beach, New Jersey, bringing the flavors he grew up loving in Corato, Italy, to a small coastal beach town not even a mile wide.

After nine years in retail, Mr. Piancone saw a bigger need for the wholesale distribution of authentic Italian products and soon Roma Food was born. He shifted his focus from retail and Roma® Food quickly became the country's No. 1 distributor of imported and domestically sourced products to pizzerias and Italian restaurants. The Roma® brand and Mr. Piancone set new standards in the sector and are credited in part with America's insatiable appetite for pizza and Italian food. Customers and associates alike looked up to Mr. Piancone for his strong principles, unmatched work ethic and willingness to give Italian immigrants like him a chance.

In 2008 Roma® Food became part of Performance Food Group, making the heritage and quality of the Roma Family of Brands available to a greater number of pizzerias and restaurants across the United States. Today Performance Foodservice sells the entire Roma legacy brand of some 4,000-plus products, many new ones added each year, to tens of thousands of customers.

Mr. Piancone always appreciated the taste for the finest Italian cuisine and his keen sense of culinary craftsmanship. He was often quoted saying that nothing brings people closer than great tasting food and a memorable meal is one of life's simple pleasures that should be enjoyed often with family and friends.

Who is Pizza Solutions?

We have specialized in the pizza segment for over a decade, providing customized packages for chains and independents all over the country. But...we are more than just *pizza!* We have grown to a full-service equipment provider offering dish machines, walk-in coolers, hoods, furniture and much more.

Why Use Pizza Solutions?

Name-Brand Equipment

Pizza Solutions is the largest dealer of Edge Ovens. We are also a *stocking dealer* – meaning we can ship new equipment from our warehouse, whereas most manufacturers have a 6-8 week lead time. We are also a stocking dealer for Migali Refrigeration. We buy containers direct from Migali, and can often ship out the same day or next day.

Contact Your AM

Simply contact your Performance Foodservice Area Manager for your equipment needs, and we'll take care of the rest! You don't need to be an expert in equipment, we'll make that happen for them. Once orders ship from either our warehouse or our manufacturers' warehouses, we provide tracking and detailed instructions on properly receiving equipment.
